

Climate Change Mitigation - Information kit

- I. **Title: The Climate Change Mitigation and Adaptation Information Kit.** FAO; UNCCD; IFAD. (2008).

Description: This document offers initial guidelines for the identification, development and funding of adaptation and mitigation projects related to sustainable land management. Drawing on the linkages between the UNFCCC and the UNCCD, it provides basic information on the linkages between the implementation of the three Multilateral Environmental Conventions with regard to adaptation and mitigation measures.
